

# SAVING HOME ENERGY:

*First the Facts and Then the Audit*

**Thursday, December 3 at 7-9 pm**

Local Roots Building • 140 S. Walnut Street, Wooster  
(across from the Wooster Library parking lot)

## **Join us for this interactive program!**

*You will learn practical and affordable ways to save energy, money and the environment including: reducing cold and hot water use, correct insulation and air sealing materials and techniques, improving heating and cooling systems, reducing electrical energy use, modifying occupant behavior, and the benefits of having an energy audit of your home.*

*Program Presenters:*

**Allen Zimmerman**, Professor, Ohio State University, Wooster Campus, ATI  
& **Students enrolled in the Construction Management Program**

*Tools & Techniques Presenters:*

**Keith Speirs**, Architect, Speirs Architectural Design and WCSEN Project Manager  
& **Ben King**, Instructor of Construction Technologies, Ohio State University, Wooster Campus, ATI
