## Invitation to be an Exhibitor!

The OSU Wooster Campus will be home to the first annual Scarlet, Gray and Green Fair on Earth Day, April 22, 2008 from 1:00 - 7:00 pm. This festival will celebrate, educate and demonstrate that “It IS easy being green!”

Free to the public, the fair will feature exhibits, demonstrations, companies, artisans, speakers, entertainers, and food vendors in a fun-filled outdoor environment.

The Scarlet, Gray and Green Fair will be an opportunity for the community to recognize and support your commitment to a healthier environment and a more sustainable society. We invite you to join us as an exhibitor to:

- Promote your environmentally friendly organization;
- Demonstrate how your organization has made the commitment to go green;
- Sell and market your environmental products; and/or
- Create an environmental and educational exhibit to inspire your employees and the public.

The Scarlet, Gray and Green Fair will be a signature community event and your participation is very important. Please complete and return the attached registration form by March 1, 2008. Upon approval of your registration, you will receive the exhibitor’s packet containing all the information you will need to prepare for, and participate in, this exciting event.

Please contact Megan Shoenfelt at 330.202.3537 or [shoenfelt.9@osu.edu](mailto:shoenfelt.9@osu.edu) if you need additional information.

Thank you.
