

Wooster Science Café

Join us for lively conversation and insights on current science topics

TUESDAY, September 2 at 7p.m.

The Lyric Theater

116 South Street, downtown Wooster.

Snacks and drinks available at the concession booth

Agrivoltaics: Opportunities and Challenges for Ohio Agriculture

V. Ryan Haden, Ph.D.

Associate Professor of Soil Science and Agronomy

The Ohio State University - ATI

In this talk, I will discuss the current status of utility scale solar development in Ohio and the prospects and barriers for integrating solar within agricultural land uses. I will also discuss some related experiments initiated by OSU and industry partners
